

ITW ALMA specializes in adhesive coating technology and manufactures contamination control products. Our products include cleanroom mats, cleanroom labels and cleanroom tape.

IdealMat™ Contamination Control Mat

The most effective dirt and dust removal method for particles generated from foot traffic and equipment wheels

- Constructed to resist adhesive transfer and at the same time prevent premature sheet-to-sheet delamination. This safety feature significantly reduces the risk of a worker-related tripping accident and eliminates the need for a beveled edge or frame
- Mats contain an antimicrobial agent, which provides long-lasting protection against the growth of organisms including bacteria, mold and mildew
- Our integrated manufacturing, advanced technology and in-house manufacturing produce a higher quality product, exceptional service and competitive pricing

Cleanroom Labels

Pressure-sensitive labels designed for cleanroom applications

- Ultra-low leachables, particulates and outgassing
- Cleaned and packaged in a controlled environment
- Each label is tested for surface particles
- Custom printed or blank versions with pin feed, perforated liner and lamination options
- Adhesives — removable or permanent
- Steam Sterilization Chemical Indicator labels also available

Cleanroom Tape

Low particulate and contaminant-free tape designed for cleanroom use

- Wound on particulate-free plastic cores, cleaned and individually bagged in a controlled environment
- Unique adhesive can be permanent or removed with little or no adhesive transfer, even after prolonged use
- Offers good chemical resistance and provides an excellent moisture barrier

IdealMat™ Contamination Control Mat

Size	Color	Packaging
18" x 36"	Blue • Gray • White	30 layer, 8 Mats/case 60 layer, 4 Mats/case
18" x 46"	Blue • Gray • White	30 layer, 8 Mats/case 60 layer, 4 Mats/case
24" x 36"	Blue • Gray • White	30 layer, 8 Mats/case 60 layer, 4 Mats/case
25" x 45"	Blue • Gray • White	30 layer, 8 Mats/case 60 layer, 4 Mats/case
36" x 46"	Blue • Gray • White	30 layer, 8 Mats/case 60 layer, 4 Mats/case

IdealMats are produced with numbered corner tabs to ensure one sheet-at-a-time removal and to indicate the number of sheets remaining on the mat.

ITW ALMA Cleanroom Labels

All sizes and stocks available to meet your application need. Please contact your ITW Texwipe Sales Representative for more information.

ITW ALMA Cleanroom Tape

ALMA Cleanroom Tape is cleaned and packaged in a controlled environment, wound on a 3" ID polyethylene core, poly-bagged and heat-sealed.

Width	Color	Length of Tape	Rolls per Case
1"	Red, White, Blue, Clear	36 yards	48
2"	Red, White*	36 yards	24

* White is also available perforated for use as cuff sealers.
